Silver Resellers

Xstream Silver Authorized Resellers are just starting to grow their business. Silver Authorized Resellers make a minimal commitment, yet still receive benefits such as use of Xstream Authorized Reseller Logo and a wealth of marketing and sales tools, information, and support.

Gold Resellers

Xstream Gold Authorized Resellers demonstrate an increasing dedication to the Xstream products. Gold Authorized Resellers must maintain yearly performance targets. In return for their participation, Gold Authorized Resellers will receive benefits such as Joint Market Development, Demand Creation Seminars, and can receive discounted training.

Platinum Resellers

Xstream Platinum Authorized Resellers have the highest level of credibility in the marketplace. In addition to the items above, Platinum Authorized Resellers make the greatest commitment to Xstream, deliver the highest level of support, and have the highest yearly performance target. In exchange for this level of commitment, Xstream provides higher margins, pre-sales support, product training, and priority access to leads, plus the same benefits attributed to the silver and gold resellers.
